

# PREVENTT

Preoperative intravenous iron to treat anaemia in major surgery

PREVENTT  
Newsletter  
Number 44  
December 2017

## News

We are continuing our celebrations to the very exciting news that all of our fantastic sites have helped to achieve the recruitment of an astonishing 11 patients!

Well done to all of the staff from these sites (all listed below)—thank you for an incredible month!

We would like to also thank all of those sites that we know have been working really hard to look for recruits for PREVENTT and may have just missed out on recruiting a patient or not had anyone eligible. We understand how frustrating this can be but want you to know that we really value your input and enthusiasm for the trial.

We will be sending a very special gift out to every site to thank you for your remarkable efforts to recruit to the trial this year.

We wish you all a very happy holiday break.

## New Sites

We have a site initiation visit booked on December 6th in Hinchingsbrooke Hospital and we are looking forward to having them on board.

## Holiday dates

The office will be closed from 21st Dec-1st January inclusive. If you have any urgent clinical queries please forward them to Toby Richards- [toby.richards@ucl.ac.uk](mailto:toby.richards@ucl.ac.uk). Please also refer to the study website <http://preventt.lshtm.ac.uk/faqs> for a comprehensive list of FAQs .

## Challenge

There are 9 months remaining and only 86 patients left to recruit. We are certain that everyone has the potential to help us to reach the final target.

We hope that to finish the year on an all-time high, everyone can **aim to recruit one patient before the year is out!** You can do it!

WELL DONE TO THESE SITES FOR  
RECRUITING **11** PARTICIPANTS THIS MONTH

Broomfield  
Royal Cornwall

Liverpool Women's  
John Radcliffe  
Imperial

Guys & St Thomas' x2!!  
Royal Marsden x4!!!!

TOTAL RECRUITED: 414

TOTAL REMAINING: 86
